

GERMANY  
**VISATON**<sup>®</sup>

**The**  
Loudspeaker Specialist  
for over 55 years

# Our success story

Right back at the time our company was founded in 1968, our highly accurate, specially manufactured loudspeakers were in great demand. Thanks to our wide-ranging product programme and our ability to develop suitable special solutions, we are successful worldwide today.

**VISATON** is Germany's leading specialist loudspeaker company.

# Our broad product range

As specialists in loudspeaker technology, we find the right answers to all acoustic questions. In addition to our wide range of products, we primarily develop solutions for individual sound reinforcement requirements. This is why industrial and private customers worldwide have trusted the **VISATON** name for over 55 years.

		
Industry	Exciter	Public address
		
Maritime	Train stations	HiFi · High-End
		
Professional audio	Kits	Accessories

Thanks to excellent planning and large in-house storage capacity, we score points with high product availability for our wide selection of standard items.

# Applications in a **wide variety of areas**

Whether on public transport, in gaming machines, at railway stations, in mobile homes, on ships or in medical technology – whether indoors or outdoors, **the possible applications for VISATON loudspeakers** are as varied as our customers.

Gaming

Info-systems

Your application

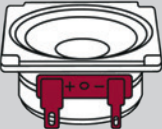

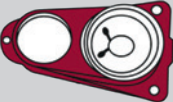

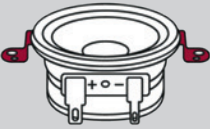

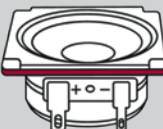

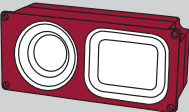

Every day we do our best to raise the sound quality of our customers to a new level – yours too!

# Customized solutions

Individual requirements are our speciality.

This means that we can adapt our loudspeakers to all necessary conditions, as illustrated by the following model FRWS 5:

		
Different seal	Different terminal	Round basket
		
Special frame	Method of fixing	Additional seal
		
Round basket, wiring	Housing	Your requirement

In industry circles we stand for sophisticated, individual special solutions.  
One model – endless variants!

# Top-class technical in-house equipment

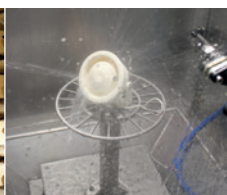

Our engineers have access to a wide range of state-of-the-art equipment in our premises in Haan. We attach great importance to being able to work independently, time-savingly, cost-efficiently and in a pioneering manner with these measuring systems and tools.

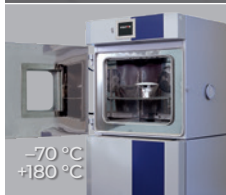

"Klippel" measuring

Measuring room

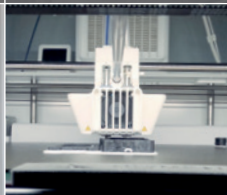

IP test station

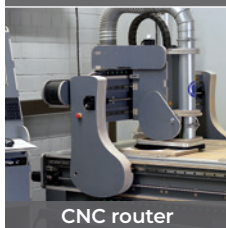

Climatic chamber

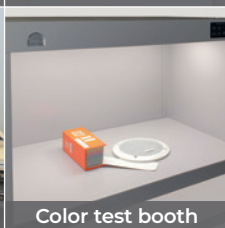

Permanent sound room

3D printer

CNC router

Color test booth

Team of experts

Thanks to state-of-the-art measuring technology and the expertise of our engineers, we always find a suitable solution at the highest quality level.

# Speakers of all kinds – we offer **design variety**

Speakers come in a variety of sizes, shapes and colours. It is important to understand that form and function must always be precisely harmonised.

**VISATON offers the complete portfolio:**

Cone drivers

Dome drivers

Horn speakers

Magnetostats

Coaxial speakers

Exciters

Cabinet speakers

Buzzers

We see ourselves as **the** problem solver for your technical and economic challenges!
